SAVE YOUR RAGS AND OLD PAPERS.

More Pin Money for Housewife if She Follows Instructions of Government.

WASHINGTON BUREAU OF THE
Times, March 8.—"Any rags," as the first line of the popular song goes, is the text of an appeal made to the American housewife by the Department of Commerce today. A serious shortage of raw material for the manufacture of paper, including rags and old papers, has caused the department, at the suggestion of a large paper manufacturing plant, to issue an appeal to the American public to collect and save rags and old papers. The importance of saving old paper and disposing of it to the paper manufacturers is emphasized by the Department of Commerce.

Reichsmark checks commanded a bid
price no higher than 75 cents to the

four marks, and there were transactions
at 75-80, compared with the previous

low record of 72 1/2. The "cable" rate,
which was especially influenced by

the bulk of transactions came by wireless,
was forced down to 75 in actual trans-

actions. This is a decline of more
than 5 cents to the four marks since

the first week of February. Bankers
are of the opinion that what is going on

has the approval of the German government
and that the need was realized not long ago

by the Kaiser's financial advisers for
taking time by the forelock as far as

future credit necessities are concerned.
It is understood that four or five of

the leading banks of Germany are
engaged in the accumulation of a vast

amount of funds here through wireless
transfers and that the Reichsbank, which

guides the country's most important
financial operations, is exercising an

oversight in the present transaction.
The status of our gold resources

when the war is over has been a
question of debate among bankers in

many quarters that European na-
tions would immediately begin to draw

the metal from this country. It has
been suggested, however, that Great

Wilson and Lansing Both Show Annoyance Over the Latest Memorandum.

Clear Announcement that Germany will not be Influenced by Our Congress.

Acute Situation Developing in Which an Ambassador May Get His Passports.

BY JOHN CALLAN O'LAUGHLIN.
(BY DIRECT WIRE—EXCLUSIVE DISPATCH.)

WASHINGTON BUREAU OF THE
Times, March 8.—That the German submarine policy

has been in no wise influenced by
the vote of Congress was significantly

shown today by a memorandum which
Count von Bernstorff, the German

Ambassador, handed to Secretary of
State Lansing.

That memorandum constitutes a
further defense of the German policy

of sinking armed merchantmen on
sight. The offer is made to observe

the rules of international law pre-
vailing prior to the breaking out of

the war, provided Great Britain
should do likewise. The United

States, of course, cannot depart from
its rule of refusing to negotiate a bar-

gain with the belligerents out of the
war, provided Great Britain should

do likewise. The United States
of course, cannot depart from its rule

of refusing to negotiate a bargain
with the belligerents out of the war,

provided Great Britain should do
likewise. The United States, of course,

cannot depart from its rule of re-
fusing to negotiate a bargain with the

A BABY'S FRETTER LIKE SWEARING.

Dr. Churchill Says It's the Infant's Way of Expressing Pent-up Feelings.

CHICAGO BUREAU OF THE
Times, March 8.—"A baby's fretting is like a man's swearing and is not a sign that he wants food—necessarily; it is usually indulged in merely to express pent-up emotion as a result of a disordered stomach," said Dr. Frank E. Churchill at the Infant Welfare exhibit today. He spoke on "Baby Feeding" in connection with "Baby Week." "To feed a baby too often or at irregular intervals is just as if an adult should be given four full Thanksgiving dinners a day—too much grub is one of the worst things for the baby's health."

WOMEN BODYGUARD FOR MILLIONAIRES.

With Big Revolvers in Their Muffs, Female Detectives are Said to Follow Employers Closely and Their Real Identity is Not Suspected.

NEW YORK BUREAU OF THE
Times, March 8.—Women body-

guards with big revolvers in their
muffs have come back into favor in

Wall street, according to reports pub-
lished today. They are detectives, of

course, they shadow New York's mil-
lionaires, and they are not suspected

of being anything but ordinary
women. Any crack, if he saw these

women lagging behind a multimillion-
aire, would take them for stenog-

raphers. Henry C. Frick, J. P. Mor-
gan, Daniel G. Reid, E. L. DuPont and

Vinecent Astor were named in today's
reports as having sought the aid of

women detectives to ward off possible
attacks by enemies or cranks.

Mr. Frick said the reports were not
true. Mr. Frick walked alone for hours

and never had a bodyguard. Similar
answers were made at Mr. Reid's

Fifth-avenue home. No additional
detectives have been seen since Mr.

Morgan is still in Europe.
Explained.

GERMAN ASSERTS LAW NOT CHANGED.
DR. TELCH DISCUSSES ARMING OF MERCHANT SHIPS.

ARMADA OF FIFTY WARSHIPS SIGHTED OFF NORTH HOLLAND.

London's Expectation of an Engagement Disappointed by the Disappearance of the Craft.

Many of the Vessels are Reported to have had a "Peculiar" Appearance—Those Carrying Several Funnels had the Sternmost Funnel Painted Yellow or Covered with a Cloth—Submarines and Zeppelins Accompany Dreadnaughts.

LONDON, March 8, 7:15 p.m.—A German fleet, consisting of at least
fifty big warships, followed by a large gray-painted armored trawler

fleet, two big Zeppelins and numerous submarines, was sighted Mon-
day afternoon in the North Sea off Terschelling Island, North Holland,

according to the report of a steam trawler which has arrived at Ymuiden,
says Reuter's Amsterdam correspondent. The fleet was proceeding

westward. The correspondent adds that Monday morning five large cruisers
of unknown nationality passed Ymuiden at full speed.

LONDON, March 9, 1:59 a.m.—The German fleet returned to its base
this morning, says Reuter's Ymuiden correspondent, telegraphing

Wednesday. "A Dutch trawler, which was searched by one of the war-
ships," the correspondent adds, "reports that many of the vessels had a

peculiar appearance. Those carrying several funnels had a sternmost
funnel painted yellow or covered with yellow cloth, while the other fun-

nels were gray." The correspondent adds that Monday morning five large
cruisers of unknown nationality passed Ymuiden at full speed.

LONDON, March 9, 1:59 a.m.—The German fleet returned to its base
this morning, says Reuter's Ymuiden correspondent, telegraphing

TO PREVENT WASTE IN COAL MINING.

WASHINGTON, March 8.—Recommendation that the Federal Trade Commission study the economic side of coal mining with a view to stopping waste and preventing waste and putting the industry on a basis giving maximum safety and maximum steady employment is made in the report of President Wilson's special Colorado coal strike commission. The report was sent to Congress by the President today for its information.

CHANGE MY MIND? NO, SAYS WILSON.

WASHINGTON, March 8.—President Wilson today expressed his opinion that he was not going to change his mind. He said he was not going to change his mind. He said he was not going to change his mind.

TWIN RIVER FOREST SOLD BY RAILROAD.

SEATTLE (Wash.) March 8.—The Milwaukee railroad today announced the sale of a large area of timber, known as the Twin River tract, on the Olympic Peninsula, forty miles west of Port Angeles, to the Puget Sound Mills and Timber Company, which owns a large saw mill at Port Angeles. The tract contains 500,000,000 feet of fir and cedar timber. The Milwaukee railroad will build a branch line to the timber to haul the logs to Port Angeles. The sum which the railroad receives for the land and the amount which will be expended in railroad construction total about a million dollars.

LYMAN DENIES INSOLVENCY.

Promoter Objects to Bankruptcy Proceedings Started in New York. NEW YORK, March 8.—John Grant Lyman, held in the Tombs in default of \$100,000 bail on a charge of using the mails to defraud, filed in the United States District Court today an answer to the involuntary petition in bankruptcy recently filed against him by Rudolf Gunther and other creditors. Lyman denies that he is insolvent or that he was a resident or conducted business in this country for six months prior to the filing of the bankruptcy petition. The petitions were filed against Lyman, who it is alleged, is doing business as John R. Putnam and Company, and Charles A. Curtis and Company, last month, while the bankrupt was being sought by the postal authorities in pursuit.

AMERICAN JACKIES KEPT ABOARD SHIP.

LONDON, March 8.—A Reuter dispatch from Athens says: "Private advices from Constantinople report several British American and bluejackets of the American Stationnaire (guardship). The latter are now rarely permitted to land and then only on condition that they do not enter the city. Great animosity is said to exist in Constantinople against the Americans, according to travelers, continue to hold their own by main force. The Turkish soldier, however, keeps on good terms with his German comrades."

GERMANS BLOCKADE ENGLAND BY MINES.

LONDON, March 8.—The blockade of England by mines reported as threatened by Germany, is already in existence along the trade route to Holland according to naval circles here. German submarines are reported to have been busy recently laying anchored mines between the Dover straits and the English coast. It is in this neighborhood that many disasters have occurred during the last month.

THE CITY

EVENTS BRIEFLY TOLD.

West Virginians to Meet.
The West Virginia Society of Southern California will have a meeting tonight in the Times Assembly Hall. All West Virginians and their friends are invited to the social hour.

Minnesota to Meet.
The annual meeting and dance of the Minnesota Society of Southern California will be held tomorrow evening at the Manual Arts High School. Music will be furnished by the school orchestra.

Harvard Men to Meet.
The annual reunion of the Harvard alumni of Southern California will be held tomorrow evening at the Los Angeles Athletic Club. All visiting Harvard men are invited to attend.

Wild Flower Exhibit.
The botanical classes of the Manual Arts High School are spending their class hours transplanting wild flowers from the fields near the school to the school conservatory, for the annual flower exhibit to open the week of April 1. This year's offering is expected to be greater and more beautiful than any preceding exhibit.

Young Planter to Appear.
Reva Love Wolf, 13 years old, a pupil of Vernon Spencer, will give the instrumental number at the first entertainment of the women's auxiliary of the First Birth Lodge at its hall Saturday afternoon. She will play the difficult and brilliant piano concerto in D Major by Haydn. Mr. Spencer will assist at the second piano, playing the orchestral parts.

Lecture on Philippines.
James M. Sheridan, for several years in the service of the United States government in the Philippines Islands, and later special assistant to the Attorney-General of the United States, will deliver a lecture on the "Philippine Problem" before the women of the Hollywood Woman's Club, in the club assembly hall the evening of March 16 at 8 o'clock. Admission will be free.

Home from Europe.
Word that James E. Sprunker, State secretary of the Young Men's Christian Association, arrived home from Europe last Saturday, and will attend the State convention in San Jose the coming week, was received yesterday by the local association.

Win Place in Finals.
The Burbank and Porterville Union High schools, the Manual Arts High School and the Redlands High School are among the schools that won the right to participate in the inter-district debating contest, April 14, according to a notice sent out yesterday by the University of California. The subject of the debate will be "Elections Methods in California." The four schools which win in this contest will participate in the contest for the State championship in May, under the auspices of the extemporaneous speaking section of the Intercollegiate Public Speaking League of California.

Concert Tour Ends.
After covering themselves with glory in a highly-successful concert tour of the Imperial Valley, members of the Girls' Glee Club of the University of Southern California yesterday returned to promenade study in the classroom. Concerts were given under the direction of Prof. Horatio Cogswell, in Riverside, Rialto, El Centro, Calexico, Brawley and Imperial. The students made their headquarters during most of the trip, which covered ten days, in the Barbara Worth Hotel at El Centro and journeyed back and forth to keep their engagements.

LOCAL COURT REVERSED.

Judgment of the Superior Court in favor of the plaintiff is reversed by the State Supreme Court, in the suit brought by H. P. Lantz, as administrator of the estate of the late George Locke, against Edward H. Cole and others, pastor and trustees of the Brooklyn Heights Congregational Church, and Susie Rheinschild, as executrix of the late George Rheinschild.

The church occupies premises under a lease and option to purchase from the late Mr. Rheinschild, based on his claim to the property on a sale for nonpayment of street improvement bonds by the late Mr. Locke. The litigation hinged on the validity of the acquisition of the property by Rheinschild.

A great special sale is on at Bartlett Music Co., 231 S. Broadway, opposite City Hall. Look at classified ads for details.

There is a used Steinway Grand for sale at \$475 at Bartlett Music Co., 231 S. Broadway, opposite City Hall. The Time Branch Office, No. 419 South Spring street. Advertisements and subscriptions taken.

Ostrich bone, Cawston's, 733 S. Bdw.

Here's Palate Joy for You
—also stomach comfort beyond belief. Heat a Shredded Wheat Biscuit in the oven to restore crispness, then cover with sliced bananas and pour over it milk or cream. Sweeten it to suit the taste. A complete, perfect meal supplying more strength-giving nutriment than meat or eggs at a cost of three or four cents. A warm, nourishing breakfast—a delicious lunch. Made at Niagara Falls, N. Y.

MUSIC BY STUDENTS.
A musical programme will be given this afternoon at 3 o'clock in the auditorium at Blanchard Hall, under auspices of the Matinee Musical Club. Students of the musical departments of the Manual Arts, Polytechnic, Lincoln and Los Angeles high schools will give the programme. The string quartette of the Manual Arts High School will render a tone poem, written by Miss Thelma Robbins, who will accompany the quartette on the piano. Miss Robbins is a former student of the Manual Arts. There will be several solo selections as well as offerings by the school orchestras and glee clubs. F. W. Blanchard and Miss Gertrude Parsons will give addresses.

PERSONALS.

Touring the United States in a private car, W. B. Lanigan of Winnipeg arrived at the Angelus night before last, en route to San Diego from the East. Mr. Lanigan is freight traffic manager of the Canadian Pacific Railway. He is accompanied by his wife and Mr. and Mrs. T. B. Persee. Mr. Persee is a wealthy wholesale merchant of Winnipeg and is taking a vacation.

R. H. Van Sant, a prominent structural engineer of San Francisco, is making his headquarters at the Van Nuys while consulting with local contractors.

George C. Mayhew, collector of customs at Seattle, is a guest at the Hollenbeck. He is combining business and pleasure on a tour of the Pacific Coast and is expected to leave the latter part of the week for San Diego.

Among the railroad men who arrived at the Alexandria yesterday is F. A. Lehman of Chicago, assistant to the vice-president of the Santa Fe. Mr. Lehman is making a vacation tour of the West.

P. D. Courtenay of New York, prominent in financial and society circles of the East, arrived at the Lankershim yesterday from Santa Barbara, where he has been passing the winter.

Among the guests who registered at the Clark yesterday is C. J. Stanley, a cigar manufacturer and distributor from Tampa, Fla., who is here on business. Mr. Stanley is a frequent visitor here and has a wide acquaintance among local business men.

T. Harrah, proprietor of the Commercial Hotel of North Yakima, Wash., is touring the Pacific Coast, accompanied by his wife. The two arrived from Coronado yesterday and are staying at the Alexandria.

L. A. Davis, a San Francisco stock and bond broker, who is here on business, is staying at the Van Nuys.

BUSINESS BREVITIES.

Avoid the rush on Saturday. Make a practice of phoning your Sunday ads to The Times on Friday, day or night. Collection for the service will be made at your home or office. Main 3200, Home 10391.

For quick action drop answers to "Times" "lines" in Times liner boxes in downtown office buildings. The locations of the boxes are printed in the first column of The Times "lines" section.

THE WEATHER.

(Official Report.)

LOCAL OFFICE U. S. WEATHER BUREAU, Los Angeles, March 8.—(Reported by Fred A. Carpenter, Local Forecaster.) At 8 o'clock a.m. the barometer registered 30.12; at 5 p.m., 30.02. Thermometer for the corresponding hours showed 63 deg. and 54 deg. Relative humidity 5 a.m., 25 per cent.; 5 p.m., 20 per cent. Wind 5 a.m., northeast, velocity 13 miles; 5 p.m., south, velocity 4 miles. Highest temperature, 66 deg.; lowest, 58 deg. Rain-fall for season, 10.25 inches; last season, 14.70 inches. Barometer reduced to sea level.

WEATHER CONDITIONS. The eastern area of low pressure dominates the weather conditions from the Mississippi River to the Atlantic Coast, and light precipitation falling as snow over the greater part of the region throughout that region. Heavy rain fell in Washington; 1.34 inches with a fall of 48 miles per hour is reported from the mouth of the Columbia River. A whole gale of 40 miles from the south coasted at North Head. The western high area is slowly dissipating, but in conjunction with the considerable low area, the southern California coast, will continue to give Los Angeles and vicinity fair, warm and dry weather for another thirty-six hours.

LOCAL FORECAST.
For Los Angeles and vicinity: Fair Thursday, without much change in temperature; northerly wind.
For Southern California: Fair Thursday.

San Francisco and vicinity: Fair Thursday, continued warm, light northerly wind.
Portland, Ore. and vicinity: Fair Thursday, continued warm, light northerly wind.
TUVA (Isle.) March 8.—(Exclusive Dispatch from the Hawaiian Islands.) The Hawaiian Islands were hit by a cyclone Sunday, March 6, with a maximum wind of 18.9 feet; discharge, 25,400 second feet.

ARIZONA FORECAST.
For Arizona: Thursday and Friday, fair; not much change in temperature.

Good Glasses

Are Most Economical

For they make costly and dangerous experiments unnecessary; assure long life to the eyes; stimulate good health in the body and impart vigorous energy to the mind. "Good glasses" are essential as well as economical. They are the secret of our success.

OUR YOUNG WOMEN

are so often subject to headache— are languid, pale and nervous—because their blood is thin or insufficient. They are not really sick and hesitate to complain, but they lack that ambition and vivacity which is their birthright. They do not need drugs—but do need the tonic and nourishment in Scott's Emulsion that makes richer blood, fills hollow cheeks, suppresses nervousness and establishes strength. Nourishment alone makes blood and Scott's Emulsion is the essence of concentrated nourishment, free from wines, alcohols or opiates.

If mother or daughter is frail, pale or nervous, give her Scott's for one month and see the betterment. It has a wholesome, "nutty" flavor. Avoid substitutes. At any drug store.

HARMONY SLATS CRACKS ACROSS

Civil War Brewing in Ranks of "Progressive" Delegates.

Several Nominees of the Rum Convention May Withdraw.

Campaign for Regular Party Representatives Launched.

Civil war is brewing in the ranks of the Progressive-Republicans of California and there is every indication of a breach so wide that efforts to readjust the present ugly situation will be futile. On the other hand, perfect harmony exists among representative Republicans, who yesterday formally launched the campaign for the election of the national delegates who were chosen at the State convention last Saturday.

With the news that petitions will be placed in circulation this morning throughout the State on behalf of the Republican delegation comes the authoritative information that at least five and perhaps five or more of the men chosen at the rum convention two weeks ago as delegates of the Progressive-Republican party to the Chicago convention are seriously considering the withdrawal of their names from the list.

FROM "HARMONY" BAND.

Victor H. Metcalf of Oakland has already demanded that his name be stricken from the "harmony" delegation. He declares he was deceived by Guy C. Earl in the call sent out by the latter, that the call he had signed was entirely different from that signed by other invited members and for that reason and others he desired to repudiate the action of the convention.

President Robert N. Bull, former president of the Los Angeles Chamber of Commerce, said he knows of no good reason now for requesting the withdrawal of his name but added that if the situation develops a personal fight by any "Progressive" member to dictate or inaugurate a movement on behalf of some prominent man in the California Bull Moose organization the scheme will not meet his approval.

While Mr. Bull did not name Guy C. Earl, he was obviously aiming his remarks at him and the assistance of Mr. Bull that he will not stand for a movement in the interests of the party which gives promise that he may soon have his name scratched from the list of delegates. Months ago it was foretold in The Times that Mr. Johnson could endeavor to grab the Republican delegation from the Progressive-Republicans.

BEATS A WOMAN WITH HIS GUN.

Callous Burglar Knocks His
Helpless Victim Senseless
and Escapes.

A tall, well-dressed youth, armed with a revolver, but unmasked, entered the bedroom of Mrs. G. W. Felton at No. 1055 North Western avenue late last night and when the startled woman cried out for aid beat her into insensibility with the butt of his gun. He fled just in time to avoid Mr. Felton, who happened to be ten minutes late in returning from the night school where he is a teacher.

CLEWS FORGED IN SOLID GOLD.

Alleged Fence for Bandits is
Arrested; Goods Seized.

Pretty Wife of Young Assayer
Refuses to Leave Him.

Trio Landed in San Francisco
Make Grave Admissions.

As the result of confessions made to Chief of Police Snively and Assistant Chief Home by jailed members of the various automobile and hold-up gangs rounded up during the recent clean-up, city detectives yesterday added to their bag an alleged fence and three alleged members of a gang that have been striking terror to evening automobilists in this vicinity. George Pratt, arrested in his office at First and Main streets, admitted buying goods which the police say were stolen, without reporting it. He said he is "in bad."

WILL NOT LEAVE HIM.

A pathetic feature of the arrest was that of Mrs. Pratt, the youthful and pretty wife of the prisoner, who refused to be separated from her husband and at her own request remained at the City Jail in charge of the matron. She declared her husband innocent, and reiterated her intention of remaining in jail with him until his innocence is proven.

Special efforts will be made today to identify the mass of jewelry recovered. It is thought much of the collection is loot taken during recent bandit raids.

Assistant Chief of Police Home and Detective Harry Raymond returned last night from San Francisco with three alleged bandits. The prisoners gave the names of Albert D. Martini, 27 years old; John (Blackie) Kelly, 27 years old; and James Costa, 20 years old. The first two have been identified as old residents of San Quentin, and Costa, who as yet is unknown to the police for old records, was recognized by Mrs. Giberson as the man who robbed her last month.

FROM MEXICO TO JAIL.

Escaped Prisoner Returns and is Soon in the Clutch of the Law. Returning from Mexican insurrection camps, Jose Vialovos, alias Luis Sanchez, walked into the arms of the law from which he had escaped about six months ago, when he arrived in Los Angeles. He escaped from the Orange County Jail at Santa Ana. His incarceration there was due to conviction on the charge of larceny.

Pathetic Figure in an Ugly Tangle.

Mrs. George Pratt, Wife of the assayer arrested yesterday, suspected of being the "fence" for the bandit gang. She refused to leave him when he was taken to jail. Below are the three alleged auto bandits arrested in San Francisco. From left to right, they are James Costa, John (Blackie) Kelly and Albert D. Martini.

WONDERFUL WATERFALL FOUND NEAR THE CITY.

While making a survey in Fish Canyon, north of Duarte, for a trail from the mouth of the canyon to the San Gabriel River divide, Supervisor Charlton of the Angeles National Forest, and Tom Sloane, the forest ranger in charge of the district, found what is officially declared the finest waterfall in the Southwest. Its existence has never even been suspected by the men whose business it is to be acquainted with the big woods.

Money in Sight.

SYNDICATE TO GET SAN FERNANDO VALLEY BONDS.

ON THE ground that Perrin, Drake and Riley, with their associates, the E. J. Knight Company and the Aronson-Gale Company, had made the only bid conforming strictly to the advertisement of the Board of Supervisors on the sale of \$7,736,000 bonds for the development of the San Fernando irrigation district, Counsel Mathews of the Board of Public Utilities, with County Counsel Hill, have ruled that the bonds should be delivered to that combination of brokers.

SAYS LAW WAS TAMPERED WITH

Startling Defense in Alleged
"Badger Girl's" Case.

Words Declared to Have been
Illegally Inserted.

Judge Postpones Action so He
May Investigate.

When the hearing on the writ of habeas corpus for Miss Isabel Clayburgh, alleged Seattle "badger girl," was finally started late yesterday afternoon, Attorney Rogers introduced the startling defense that the statute covering conspiracy, as framed for the State of Washington, had been tampered with and consequently is inoperative.

In order to give the court time, the final hearing of the writ proceedings was continued until next Tuesday.

According to the attorneys for the handsome young woman, if the writ is denied by the Superior Court, immediate appeal to the District Court of Appeal will be taken, and, if necessary, the case will be carried up to the United States Supreme Court.

(Continued on Second Page.)

WE GET PART OF TRAFFIC.

Seven Thousand Cars Needed to
Handle Hawaiian Sugar Crop
to Eastern Refineries.

Because of the freight congestion at San Francisco, part of the 250,000 tons of Hawaiian sugar to be moved from the Pacific to the Atlantic Coast by rail will be handled from this harbor. This sugar is the present island crop, which, since the closing of the Panama Canal, has been held at Honolulu and San Francisco.

A special freight rate of \$13 per ton was authorized by the Interstate Commerce Commission three weeks ago, and since that time approximately 10,000 tons of the sugar have been shipped to Philadelphia and New York via the Santa Fe, Southern Pacific and Western Pacific. The greater part of the \$2,360,000 freight contract is held by the Santa Fe.

More than 1000 freight cars will be required to transport the sugar, which is being carried from Honolulu by vessels of the American-Hawaiian Steamship Company.

Spare 'Em.

VALUABLE OAKS.

County Board Pays More for Trees
than the Land on Which They
Grow—Purchase of Tract of
Six Acres to Add to Park
at Monte Vista.

The Board of Supervisors yesterday agreed to pay more for forty oak trees than for the land on which they stood. This unusual situation came up with the approval of the purchase of six acres of ground adjoining the present small park at Monte Vista. Residents of the district several months ago petitioned that the plot be added to the park, because of its natural beauty and the fact that it would be much sought by picnickers and pleasure seekers from all parts of the county.

THURSDAY MORNING.

MANY TO MOURN
LOSS OF LEADER.

Head Japanese Lawyer Given
Impressive Funeral.

Services Almost National in
Their Representation.

Unique Figure in World
of Oriental Learning.

Remarkable and impressive funeral services were held in this city yesterday afternoon over the body of the late Dr. Masuji Miyakawa, journalist, lecturer and lawyer—a Japanese by birth and an American citizen by naturalization. Dr. Miyakawa was the first and only Japanese lawyer admitted to practice in the courts of the United States. He was widely known throughout the Japanese colonies of the United States and other lands, and had been a strong figure in immigration upon the Japanese Orient the status of occidental methods in education and government affairs. Japanese of the whole Pacific Coast were represented at the services, which were almost national in character.

The funeral service was in the three-story chapel of Pierce Brothers. The casket was entirely hidden under floral remembrances from societies and individuals. The attention at the service represented the highest quality of the Japanese colonies in the Southwest.

The funeral services were conducted by Rev. T. Kawai of the Japanese Christian Church Mission on Third street, and Kawashima, of the Japanese Methodist Episcopal Church. During the service, one by one prominent members of the Japanese community stepped forward, solemnly bowed over the body of the departed, then gravely bowing to the casket they paid tributes to the deceased. Dr. T. Ito, Dr. N. S. Hirose, editor of the New York, Rev. Kobayashi of the Presbyterian Japanese Church, R. Taniyama, secretary of the Japanese Business Association, and H. Ara.

REMARKABLE CAREER.
Masuji Miyakawa was born forty-two years ago in the Province of Mutsu, Japan, the only son of a prominent family of the province. His father and mother and one sister were his.

His education was on broad lines, and when quite a young man he became an interpreter for the War Department, and also conducted private lessons in English, wherein instruction was given to young men of Japanese families. He was imbued with the advantages of occidentalism, and through his father and influence upon these men this spirit was rapidly spread.

Many years ago he came to the United States, first locating in San Francisco. There he became a court reporter, studied American law and became a teacher. His influence was felt in the Japanese colonies of the Pacific Coast, during the ten years he resided in California.

He became a student in the State University of Indiana, and there received a degree and in Indiana he was admitted to the practice of law in the State courts and before the United States Supreme Court.

Dr. Miyakawa not only had the distinction of being the first and only of his race to be admitted to the American bar, but had conferred upon him the academic and honorary degrees from American institutions of learning the following: A.B., St. Louis College; LL.D., State University of Indiana; LL.M., University of Washington, D.C.; D.C.L., Illinois College; LL.D., St. Mary's College; LL.D., University of the South; LL.D., Illinois College. He had held the chair of comparative constitutional law in the Illinois College and the State University of Indiana.

Dr. Miyakawa was a deep scholar, a learned speaker and prolific writer. He was the publisher of several magazines, probably the most pretentious of them being "The Review of Japan," published in New York. He was the author of several books of wide sale, among them being "Power of America," "Political Life of Japan," "Social Life of Japan." His work on Japanese economic subjects was considered standard works. He became an American citizen, and went to Vladivostok, Russia, to interpret for the Japanese Consulate. When he returned to his health seriously broke, he came back to California, and resided through the South in Los Angeles, where he remained for almost a year. He died in Los Angeles last Saturday evening, after a long illness of several hours after returning to his home by close Japanese steamer from this city and of San Francisco. Interment was at Evergreen.

Take Notice.
SENTENCE IS WARNING.

Two Years in Penitentiary for Theft of a Ford Automobile—Court Tells Driver Only His Redeeming Character Prevents Making Punishment Heavier.

Honor, don't you think that a heavy penalty?" questioned by the judge when sentenced to two years in San Francisco for the theft of a Ford automobile belonging to E. C. Shriner, who later sold to a Phoenix firm.

But I believe the sentence just and only because of redeeming character," replied the judge. "He is a good man, and I believe he will be a good citizen."

The judge then asked for probation, and Edward Baxter, whose trial was continued because he refused to admit guilt, was granted it.

(Photo by Dr. Hyatt & N. Takaki.)

Dr. Masuji Miyakawa,
Whose funeral was held here yesterday. He was one of the most remarkable men of his race in America.

INSURANCE LOSSES
A SYMPTOM OF WAR.

COMPANIES SUFFER HEAVILY
FROM "ACCIDENTS."

Head of Aetna Tells How Munitions and Other Factory Fires and Explosions Have Affected His Business—Sees Encouragement for the Future in the West.

Government officials are not the only persons who have passed sleepless nights as a result of labor troubles and fires at munitions factories in the East, according to W. G. Clark, president of the Aetna Fire Insurance Company. At the Clark, where he is staying during his visit in Los Angeles, Mr. Clark said last night:

"Perhaps the biggest year the fire insurance companies have had was the fiscal year 1914-1915. While every indication pointed toward even greater success this year, and the insurance men were expecting a record-breaking season, events have occurred which materially change the aspect of the situation. In the munitions factories of the East, explosions and fires have occurred in great numbers. Factories manufacturing clothing and other supplies, which were reported to be war orders, suffered similar 'accidents' every few weeks. The insurance companies have paid out huge indemnities as a result.

In many instances it was definitely established that the occurrences were of an incendiary nature, executed by alleged Teutonic sympathizers. No doubt a great per cent. of the enormous losses the insurance companies have been forced to pay have been caused by the war. Only additional precautions taken by manufacturers at the instruction of the fire insurance companies have prevented even greater losses."

Mr. Clark, who has been inspecting the western agencies of his company, will leave today for the north. He expects to stay in San Francisco a week or ten days, and will then go East. He is particularly impressed, he says, with the immense increase in the volume of marine insurance on the Pacific Coast during the last year. This, he says, is a favorable indication of additional prosperity to come.

MANHATTAN PLACE WAR.

Former Wealthy Motion-picture Man is Given Six Months in Jail for Assault on Wife, and High School Student Starts Trouble Near.

Fashionable Manhattan place was the seat of war yesterday. Sect. B. Levy, formerly a wealthy motion-picture man, arrested for assaulting his wife, was sentenced to 180 days in jail by Police Judge Chesbro. The Levys reside at No. 118 South Manhattan place. He is 50 years old. Mrs. Levy, who swore to the complaint against him, alleged he struck her three times.

While the Levy household was in a turmoil, three blocks to the north Woodson Holz, a High School student, 18 years old, is alleged to have created such a disturbance during a supposed altercation with a member of his family that Mrs. H. J. Judd, a neighbor, living at No. 240 North Manhattan place, appealed to the police and swore to a complaint charging the boy with disturbing the peace and with battery.

He was arrested and released under \$50 bail. The Holz family lives at No. 244 North Manhattan place.

LOVE HIS LONG SUIT.

Affectionate Husband "Got by a Long Time on It," Mrs. Huldah Burke Tells Court, in the Trial of Her Suit for Divorce. She Wearies.

"This is a very affectionate letter your husband wrote," Judge Wood remarked to Mrs. Huldah Burke, who was suing Orin H. Burke for divorce yesterday.

"That's his long suit," she replied. "What is?"

"Being affectionate; that's the way he gets by. He got by a long time on it."

"What put you in mind finally to get a divorce?"

"A woman gets tired supporting a worthless husband, and getting nothing but affection."

On the evidence of desertion, the court granted Mrs. Burke a decree.

WANT CITY TO
OWN THE LINES.

Telephone Situation Suffers
from Many Fixers.

Initiative Ordinance to Buy
the "Sunset" Planned.

Use of Slugs or Devices May
Become Misdemeanor.

Developments in the local telephone situation came rapidly and from several angles yesterday, when the City Council, as a committee of the whole, considered the proposed ordinance to make it a misdemeanor to deposit slugs or spurious coins in prepayment telephone boxes.

The question of the proposed purchase by the city of the Sunset lines at the expiration of the company's franchise next fall was brought up by representatives of the Federated Improvement Association and it was announced that today a special committee from the association will wait on the Council and ask that the committee of the whole set next Tuesday for discussion of the plan for submitting a bond issue proposition to the voters of the city at the next election.

The Improvement Association officers say in the meantime they will start their campaign for an initiative ordinance for the purchase of the Sunset lines, so that in case the Council refuses to submit the question without an initiative petition, they will be ready to proceed immediately.

Other developments yesterday were: The City Attorney was instructed to prepare an ordinance immediately making it a misdemeanor to deposit slugs or spurious coins in any prepayment device within the city limits; thus including all vending machines with the telephones.

The Public Utilities Board and the City Attorney were instructed to collect data with a view to instituting proceedings before the State Railroad Commission to bring about an amendment to the telephone rate regulations, which will abolish the compulsory use of prepayment telephones in all public places.

The two local telephone companies agreed partially and reluctantly to join with the city in a request to the State Railroad Commission for permission to remove the prepayment telephones in the City Hall and the Hall of Records, and substitute therefor regular telephones connected with the local exchanges, to be paid for at regular rates by the city and the county.

The removal of the prepayment telephones from the public buildings was demanded by Councilman Toham in return for the agreement to pass the anti-slug ordinance.

WANT NICKEL REFUND.
Another subject for much discussion was whether the city can compel the telephone companies to refund nickels from the jitney telephones when the person calling is unable to get the party wanted.

Councilwoman Lindsey related recent experiences when she had deposited as much as three nickels and all she got was the reply, "They don't answer."

President Lane of the Utilities Board pointed out that in the discussion of defining jurisdiction of the Utilities Board and the State Railroad Commission over telephone companies, it has been decided to leave all telephone service regulations to the State body. In the city's case before the Railroad Commission on telephone rates, an attempt will be made to provide that no charge shall be made for telephone service in cases where the person calling cannot get connection with the individual for whom he calls.

It was pointed out that under present practice, a man living in an apartment-house where he pays for a telephone in his apartment, frequently calls his home. It costs him 5 cents to find that there is no one home and the Council proposes, if possible, to get service on a "completed call or no pay" basis.

DRAFTS UNHONORED.

Chicago Doctor Arrested Here on Bad Check Charge.

Dr. O. H. Gregory, a young Chicagoan, who has been conspicuous around the cafes recently, was arrested yesterday on a charge of issuing bad checks drawn against his mother, Mrs. G. H. Gregory of Chicago. Complaint was made by H. S. Pucky, No. 1245 West Fifty-first street, who alleges he cashed eight drafts on Mrs. Gregory for sums totaling more than \$100. These drafts were returned unendorsed, and the Chicago banks reported. Mrs. Gregory, while wealthy, was not recognizing the obligations of her son.

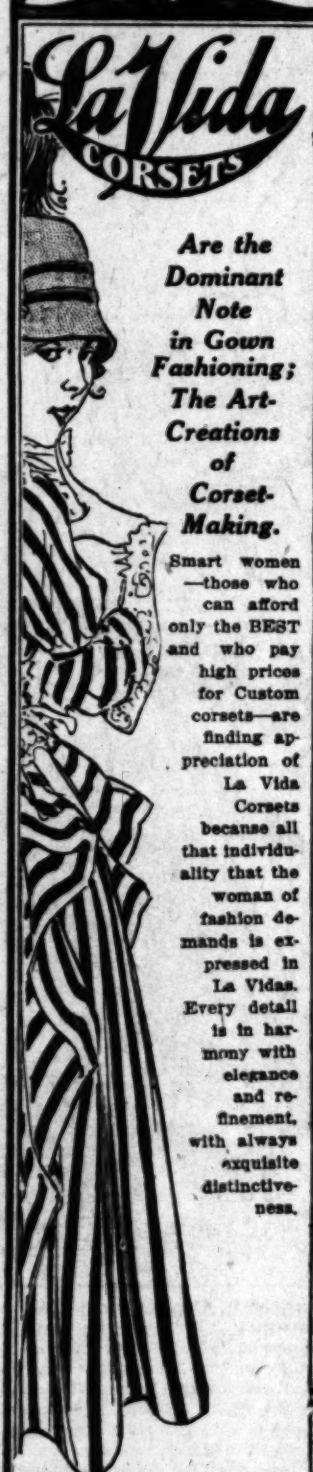

The Nick Harris detectives have been searching for Dr. Gregory on a charge of having issued bad checks. His delinquencies are reported to involve more than \$500.

Gregory is a dentist, who has been here for several months. He lives at the Jean apartments, No. 540 South Olive street, where he was arrested yesterday.

It Cures Through
The Pores

Good Pore Action as Necessary as Good Blood Action; New Pore Treatment Takes Out All Impurities.

KNOW-DOC PORE TREATMENT a marvel for the skin and complexion. Freckles and sallowness fade away, and the soft pink shades take their place. When the pores fail to work freely, they fill up with impurities, the skin becomes thick, and pimples and wrinkles occur. A few treatments will make the skin look like new. Massage lightly all over the face and neck until well absorbed, then rub with dry cloth or towel. It's wonderful benefit to the skin both before and after long auto trips. Prevents chaps and sunburn. It takes out inflammation and soreness wherever applied even in deep-seated aches and bruises. Both small and large sizes at druggists.

Masked Marvel Kids Clapham Along; Then Heaves Him Twice on His Ears

Who is He?
MASKED MARVEL
LICKS CLAPHAM.

Gets Two Falls with Little Noticeable Effort.

Sam Wins First Affair but that's All.

Large Crowd Seems to Favor the Loser.

Tossing Sam Clapham twice on his back, the mysterious "Masked Marvel" won the wrestling bout at the Olympic Club last night. Clapham did a little tossing himself and placed the Marvel flat on his back for the first fall. But the Marvel was a better tosser than Clapham, and there was no one to doubt it.

HOW ABOUT IT? People who saw the match are still wondering whether Clapham put up a good fight or whether the masked beauty was simply hiding his opponent along. The first fall dragged along to a 27-minute affair, and it looked as if the two candidates were evenly matched. Then Sam got a scissors hold on the Marvel's neck, twisted him up on his ear and smashed him down in nifty style.

The house went wild. Clapham was undoubtedly the favorite. Everyone agreed that the bold and upright Sam had the stranger going.

But the mysterious marvel left the mat with a smile concealed beneath his mask.

SPEEDY.

The second fall was much more sudden and decided. "Old Man Mystery," who is about twenty pounds heavier than Clapham, and who looks about twice as heavy, jumped to the lead at the first shot of the gun. He planted a few toe holds, scissor holds and half-nelsons on the struggling Sam and put him where he could get a clear and unobstructed view of the ceiling. The slaughter lasted just 17½ minutes. "Marvel" retired from the ring on the arm of his manager, and was heard to whisper, "Well, did I throw him fast enough?"

A LITTLE FASTER. "You might show a little more speed," drawled the boss. "Alright," said the hidden wonder. Fall No. 3 occupied the slight space of 11 minutes.

The "Masked Marvel" is a remarkable wrestler. He is solidly built, about 24 years of age, and he is strong as a bull. This is where his main power lies. Just pure brute strength wins the matches for him. Whenever Clapham gets a good hold the Marvel would break it off with a twist or jerk of his mighty arm.

One lone hold was responsible for all three falls last night. This was the scissor hold administered on the neck. Demetrial, champion Greek wrestler, was introduced to the crowd yesterday evening, and seemed very interested in the Marvel-Clapham go.

CLOSEST MATCH OF
BILLIARD TOURNAMENT.

One of the closest matches of the local billiard tournament was staged last night, when Banks and Payton of Voorhies defeated Bowers and Cohen of Lincoln. The final score stood 58 to 48, and the winner was not decided until the last shot had been made. Bowers had the right run of the evening, with 22. O'Brien and MacLean of the Lyceum defeated Kennedy and David of Jack's, 58 to 35. Kennedy enjoyed the highest run, with 23. The games scheduled for tonight are Hills at the Casino and Lincoln at Jack's.

SAN DIEGO COUNTY
ROADS ARE POOR.

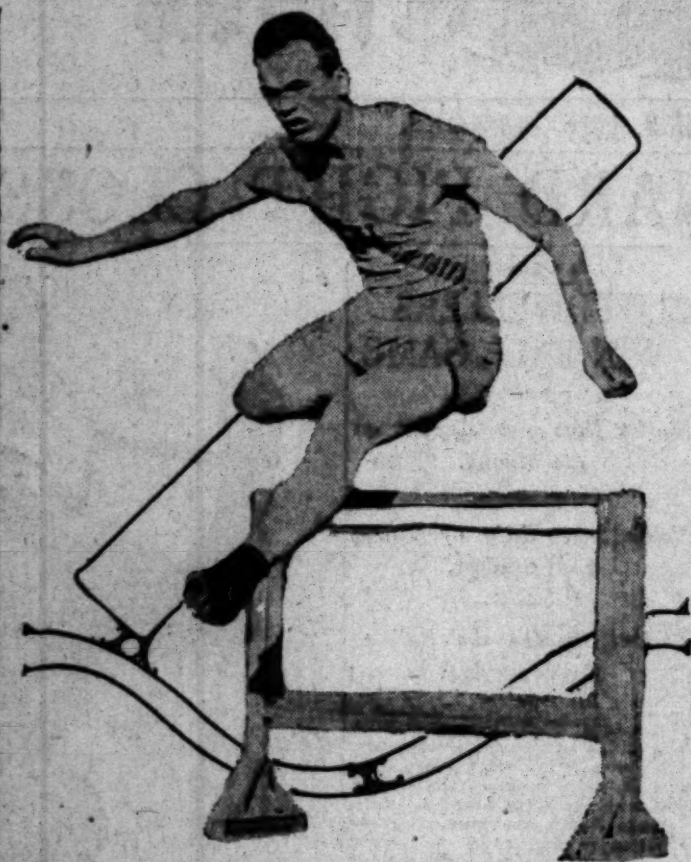

[SPECIAL CORRESPONDENCE.] SAN DIEGO, March 8.—Automobile dealers held an indignation meeting today to get some action through the County Supervisors on the roads in San Diego county.

Although now six weeks after the floods practically nothing has been done in San Diego county to make the roads passable. A prominent San Diego autoist who made a trip from Los Angeles to San Diego yesterday by the inland route was compelled to cover 210 miles instead of 180, making most of the detour in San Diego county. While in Los Angeles and Riverside counties the roads have been temporarily repaired and temporary bridges put in, no work has been done in San Diego county.

It is necessary to hire teams to pull autos through the San Luis Rey, where it is said the bridge will be done in ten days. Over the Bernardo River, where teams pull the autos across at 25 an auto, no work on temporary bridge is being done as yet.

From Escondido to San Diego it is necessary to cover fifty-five miles instead of thirty-two, the actual distance over boulevards before the storm. The road from Escondido detours back to La Jolla after first crossing the Bernardo River and then over the Poway grade.

For ten miles the road is very rough, having had no work done on it. The only entrance into the city is by way of La Jolla, through Ocean Beach and over the Mission Strand bridge. There, too, the road is in a bad state and has had no work done on it.

Verle Murray.

Star hurdler of the Whittier College track team, who will make his initial appearance on Saturday at Claremont in competition against Pomona. He is liable to set some new records on the fast Pomona straightaway.

Rah-rah Track Men.

Nothing Extra. QUAKER TRACK MEN LOOK O.K. Looks Interesting. TIGERS WILL BE OUT FOR BLOOD.

MAY DEFEAT THE HUNS IN DUAL TRACK SQUABBLE. WANT TO GRAB ONE-MILE RELAY IF NOTHING ELSE.

Verle Murray Expected to Bring Twenty Points to His College—Will Make Stone of Pomona Run Faster than Ever Before—Whittier Team on Whole is an Unknown Quantity.

Whittier College promises to give the Pomona Huns a neat little run for their money Saturday up on the Pomona track, when the cinder diggers of the two institutions of culture mingle in friendly combat.

The Quakers' haven't very many athletes, but one or two of them will make things warm for the best the Huns can produce.

Verle Murray, one of the celebrated pink-haired twins, will probably bring twenty points to his college right off the reel and also dash off a lap in the relay.

AWFULLY GOOD. Verle distanced the Occidental sprinters in the relay carnival at Pasadena in the 100-yard dash and should do the same to the celebrated Mr. Stone of Pomona in the short sprint. The hurdles are a gift to him, new records being quite possible, and his mark of better than twenty-one feet in the broad jump looks good for first place.

Aside from Verle Murray, the Quakers' chances look none too promising. Brother Earle Murray is a fair quarter-miler and should take a place while Finch and McMurray are very likely to take places in the weight events.

NOBODY KNOWS. Brother Earle trots the 320 in good time and the Quakers have a couple of shadowy equines in the distance events. Whatever they do from the 880 up to the two-mile it will be rather difficult for Whittier to make less points than Occidental made.

The Whittier men are rather an unknown quantity with the exception of those mentioned above. This is their first meet. Among those mentioned as possibilities are Finch in the sprints, Joe Stinson in the 440, "Moosehead" Sharpless in the half and one or two others.

REDLANDS RUNNERS TO MEET SANTA ANA.

[SPECIAL CORRESPONDENCE.] REDLANDS, March 8.—The cinder diggers of the Redlands High School will be seen in action again on Saturday for a track meet with the Santa Ana High School. Coach Lutz is a graduate of Santa Ana High and while he wants to see his team here win the meet he has a soft place in his heart for his old school.

Santa Ana has a good team this year according to dope and Redlands may find it a difficult matter to walk away with the meet as with Pomona and San Bernardino. The boys believe that they are up against a much harder proposition in this meet and are wasting no time in getting ready for it.

Lutz plans to have his men in some kind of a meet every week until the big Citrus Belt League meet.

NEW SECOND BASE MAN FOR TIGERS.

It is probable that Art Kores, former New York Giant, will hold down the second-base sack on the Vernon team. Prexy Ed Maier has been working on the deal for some time and hopes to put it over inside of a very few days.

BUSTER CALLAN IS GIVEN RELEASE.

"Buster" Callan, who used to electrify the fans at Manual Arts High School, has been dropped by the New Orleans team of the Southern League. The Pelican management notified the lad that they did not have room for him. He will probably try for a position in the Coast League.

Vernon Outfielder Has Big Objections.

Dick Bayless, Vernon outfielder, has a large-sized kick coming. This player is said to be involved in trades that President Maier is contemplating and he doesn't like the prospects. Bayless has had several good offers from outlaw clubs and he may take one of them if the terms of the intended trade are not satisfactory.

TOWNSMEN EYE
BALL PLAYERS.

Peerless Leader Given Once Over by Crowd.

Chance, Ryan and Maggett Seen in Action.

Conditions are Ideal for Hard Work.

[BY DIRECT WIRE—EXCLUSIVE DISPATCH.]

ELSINORE, March 8.—There was an exodus this morning of the townspeople to the baseball park where it was understood the Peerless Leader, Frank Chance, would for the first time appear in the garb of a real baseball player. The report fluttered around last night and it was with great difficulty that the schoolmarms and principals held in check the sudden inspiration of the small boy to see the big man whose coming had been heralded so long.

EVERYBODY OUT. But the small boy did not have a monopoly on the opportunity to see Chance in action for there was a stream of the denizens, some wobbling on canes and crutches, others hurrying with measured steps, to see the first appearance of the man who will do big things for the Pacific Coast League.

Chance, Ryan and Maggett were in action, each wearing the uniform which perhaps has seen the service of a hundred games. And it tickled the crowd. There was the usual number of would-be professional players on hand and the big three had little trouble inducing the semis to take a hand. Ryan was in the box for several minutes, commenced to toss the horseshoe like a boy playing haphazard, then suddenly increased his speed until the ball shot from his big arms like a meteor, except it left no glittering trail behind.

WILD HEAVE. It was fortunate the backdrop had been completed for the ball would likely be going yet. Again Ryan came back to do drops and Maggett was given the opportunity to make a long run for a fly. By the way, Doc Finley says Maggett is even now in great condition—a perfect baseball subject, whatever that means. He looks it and he handles himself likewise.

Chance enjoyed his first try out on the new diamond immensely but did not take the long hike. The first training work on the new diamond lasted just two hours when Ryan and Chance were called back to the clubhouse for a five-mile hike. They returned pretty well all in but after a hot sulphur bath and considerable rubbing, were feeling as fresh as when they arose this morning at 6 o'clock.

TAKEN CARE OF. Manager Longo of the Lake View has given the boys the best of everything in his shop and says it is none too good for them. Their rooms look like bloated bondholders' dens and the big, juicy steaks, fresh from the meat market, will do as much as Doc's numerous concoctions to give them the baseball spirit.

Already the crowds are beginning to come. Today two or three newspaper men took up their abode in the city and are now chasing news items and strolling along the lake shore at intervals, watching the gyrations of the mudhens and the numerous fishermen along the lake front and ditch line.

AHA—ADOLPH. A party named Bruckman is here, arriving today over the Snake Track Flyer in time for lunch. He took a stroll around the lake, and a boy twenty-five cents for a gun to shoot at a mudhen, thinking it a real juicy duck, discovering his mistake too late, and went to bed early to avoid the jeers of the crowd.

Chance says conditions are certainly ideal here and he expects the greatest time in the many training seasons he has seen. Everything is in readiness for the remainder of the thirty players scheduled to arrive between now and Monday. The thermometer has been crowding the 80 mark and the roads are in fine shape for kicking, which will be one of the principal stunts of the training camp. Tomorrow more work on the diamond and another hike with a dip in the hot sulphur water plunge and the usual grooming will make up the day's work.

Average for every day of February, 1916, 10,749
Sunday only, average for February, 1916, 10,749
HARRY CHANDLER,
Assistant General Manager, The Times
Subscribed and sworn to before me this 6th day of March, 1916.
W. L. CHAPMAN,
Notary Public in and for the County of Los Angeles, State of California.

Michael McLaughlin.

Who now boasts the proud title of champion of the Annandale Country Club in addition to various other distinctions. He put the skids under E. M. Wright in the finals yesterday.

GROCERY STORE GOOD
ENOUGH FOR MEUSEL.

"Irish" Meusel has decided that he is through with baseball forever. Instead of reporting to the Birmingham Southern League team this season he will set out for Detroit and tackle a job in a grocery store. Meusel has had quite an exciting time lately trying to decide just what to do and the grocery store won first honors.

HOSP DEPARTS FOR
COMMUTERS' BERTH.

The former Tiger utility man, Franz Hosp, left last night for his new job on the Oakland aggregation. Hosp will report at once to Manager Elliott of the Commuters. This gent has been in good shape all winter and is looking better than ever now. He is confident that he will land a regular infield berth on the Oakland club.

WHEN you feel your car skid—that feeling of utter helplessness with its attendant fear of disastrous consequences—it will be too late to do anything, except pray. No amount of human skill will then avert a crash against the curb, a nearby vehicle, or worse yet, the innocent bystander. But you don't have to suffer that terrible "feeling of utter helplessness." Appreciate now that the only thing to do is to use the dependable preventative—Anti-Skid Chains on all four tires.

Weed Anti-Skid Chains

The Only Real Safeguard Against Skidding

"Safety First" means taking precautions rather than depending entirely on skillful driving, and experience teaches that Weed Chains are an absolute necessity for the expert as well as for the novice.

Precaution is an answer for most of the skidding accidents. When a motorist is afflicted with this disease he usually says "I'll wait until 'tomorrow' before buying Weed Chains"; or if his car's equipment includes Chains, he doesn't think of using them until he "feels a skid", and then, as we said before, it's too late to do anything, except pray.

Don't suffer that agonizing anticipation of "feeling a skid" with its attendant fear of disastrous consequences. Enjoy the "safe feeling". Take the necessary "stitch in time"—put Weed Chains on all four tires at the first indication of slippery going.

Sold for ALL Tires by Dealers Everywhere

American Chain Co. Inc.
Bridgeport, Connecticut

Sole Manufacturers of Weed Anti-Skid Chains
Also Manufacturers of Wood Chain-Jack, Dobbles Blow-Out Chains, etc.

Nice for Him.
M'LAUGHLIN IS
ANNANDALE KING.

Wins Golf Finals from Wright 7 up and 6.

Champion is also Title Holder in Colorado.

Certain Golfer Tells His of Hell.

BY ALMA WHITAKER.

Michael McLaughlin has won the championship of the Annandale Country Club to his honor, already State champion at Colorado Springs and of his Denver club. He was all news to him and his friends yesterday by 7 up and 6. Wright only 2 down at the end of the morning round, but was unable to finish his round.

"Which end of the club is it with?" asked the effervescent, plump dandy, about to start his round of golf. "Neither," growled the host. "He is the same brute who told me that his idea of hell was a sunny day in the mountains. He is a very sorry mixed foursome."

"Flatterer," she said.

GREGORY GETS A VERY SAD NEWS.

A sudden surprise was given Gregory yesterday when he heard the rumor that he had been named for the U.S.C. team. He was all news to him and his friends yesterday by 7 up and 6. Wright only 2 down at the end of the morning round, but was unable to finish his round.

A Nifty Bench.

BARRISTERS IN PERFECT SHAPE.

Coch Millikan Looks for Two Victories.

U.S.C. Team Practices at Bonard Field.

Las Infield is Pronounced Excellent.

BY HOWARD ANGUS.

The U.S.C. baseball variety will practice at Bonard Field this afternoon in order to take a few more of the lay of the land there for the two games with California tomorrow and Saturday. Incidentally this will be the second time that the Barristers have practiced at Bonard Field.

Coch "Pat" Millikan had them out there for the first practice, but the very next day he took his squad of players out to Exposition Park. The other was that the right hand was too close to the right hand in right field. "Pat" would have taken the team back there but for the fact that the team was in an incensed field where they could be charged.

LAWYERS HOPEFUL.

The Law School team is in top condition and comment last California game to take two draughts war in the south. Davy Jones, the old pitcher, worked out with the Barristers yesterday and said that the law school was one of the prettiest pieces of baseball machinery that he had seen in a long time. He also added that if the lawyers would only take a little lead off the base, they would give any team a run for their money.

The practice today will just consist of a short and fast fielding workout of a round or two at the bat. Some attention will be paid to the short right field fence by the battery and catcher.

Millikan has not decided what battery he will use Friday. He will probably start either Birdwell or Craig. Both are good as a relief pitcher. Both are good as a relief pitcher. Both are good as a relief pitcher.

He is in excellent condition. The infield that looks so good to Harry Jones is "Scow" Curry at first, "Pat" Miller at second, "Clay" Hovatter at short and Harry Hiron at third.

Dick Hillman will be the utility man. Hillman and Hiron have worked together now for three years. Dick Hillman has been practicing as a catcher with the Bears. He was captured by the best first sacker in the school last year.

HE'S ALL RIGHT.

"Bert" Thomas looks like a first baseman. He is just a mid-career, but covers a great quantity of territory. He is invaluable as a lead man. He bats left-handed. He is a more embarrassing to a pitcher than to a face a sword-cut left-handed batter the first crack of the bat.

Both Ball and Blake have been hitting the ball hard and will probably come out of the outfield.

The Barristers are said to be able to hit the ball hard and often. They have an exceptionally large outfield. They are said to be able to select their team from and as well as field.

The California variety will arrive in the city this evening. The California variety will arrive in the city this evening. The California variety will arrive in the city this evening.

They are planning to be out in the field to root for the Bears. The school will have a rooting section. This added to the liberal arts should be able to stir up a little racket.

PAPERS FILED FOR NEW BALL CLUB.

[BY A. P. NIXON WIRE.] COLUMBIUS (O.) March 8.—Lacrosse papers were filed here today in the Toledo Baseball Club Corporation, organized at Toledo by Corporations to take over the franchise from the Cleveland American Association.

BLACK MEET WILL BE AT HOLLYWOOD.

Those involved have definitely decided to hold the L. A. Poly track meet on Hollywood field next Saturday morning. Many of the Hilltop performers were not in love with the performing in the morning. The melodious oratory of Coaches Goddard influenced them.

HERE COMES THE SLEDGE SLINGER MRS. SPROGGINS I'M GONNA UPSTAIRS UNTIL SHE GOES I CAN'T STAND IT WOMAN!!

WINS GOLF FINALS FROM WRIGHT 7 UP AND 6.

CHAMPION IS ALSO TITLE HOLDER IN COLORADO.

CERTAIN GOLFER TELLS HIS OF HELL.

BY ALMA WHITAKER.

MICHAEL MCLAUGHLIN HAS WON THE CHAMPIONSHIP OF THE ANNANDALE COUNTRY CLUB TO HIS HONOR, ALREADY STATE CHAMPION AT COLORADO SPRINGS AND OF HIS DENVER CLUB.

HE WAS ALL NEWS TO HIM AND HIS FRIENDS YESTERDAY BY 7 UP AND 6. WRIGHT ONLY 2 DOWN AT THE END OF THE MORNING ROUND, BUT WAS UNABLE TO FINISH HIS ROUND.

"WHICH END OF THE CLUB IS IT WITH?" ASKED THE EFFERVESCENT, PLUMP DANDY, ABOUT TO START HIS ROUND OF GOLF. "NEITHER," GROWLED THE HOST. "HE IS THE SAME BRUTE WHO TOLD ME THAT HIS IDEA OF HELL WAS A SUNNY DAY IN THE MOUNTAINS. HE IS A VERY SORRY MIXED FOURSUME."

"FLATTERER," SHE SAID.

GREGORY GETS A VERY SAD NEWS.

It Was Almost a "Social Error" for Mr. Wad. By GALE.

DOUGLASS IS STILL MISSING.
TAMPA (Fla.) March 8.—Several dollars spent for telegrams today by Manager Joe Tinker of the Cubs prevented a dead end to the club of Pitcher Phil Douglass, whose moonshine fragrance wafted him from our palatial hotel and a prospective pay roll all in one fell swoop.
Mike Kelley of St. Paul American Association club, figuring on Minnesota going dry in the near future, will take a chance of getting the halter on the frisky Phil. He wired Tinker this morning that he would assume Douglass's contract.
Shouting Phil, however, may not find out about it for some time, as he has not been located up to the present. It is surmised that he is headed toward Cowan, Tenn., to explain that garlie episode to the folks.
Tinker fired Douglass yesterday. Phil had preceded the main troupe and had found congenial company in Tampa.
When Tinker arrived, Phil lurched into view and as soon as Tinker approached him, he detected an odor which is strictly taboo in well-regulated training camps. Phil explained to the manager that he hadn't had a drink in three months and that the garlie placed in the food in the local Spanish eating places was all that the boss could smell on his breath.

MAT CHAMPIONS ENJOY WORKOUT.
Gotch is Stocky, Bow-legged Dreadnaught.
Demetral a Perfectly-built Fighter.
Opinion has it that Match will be Short.

Frank Gotch, the champion, and William Demetral, the challenger, worked out before large audiences at the Los Angeles Athletic Club yesterday and after watching them wrestle, opinion seemed evenly divided between the two.
REAL SPEED.
Gotch went through a lightning workout with Tony Ball and then tugged around with Ferguson and Bill Huber, ending up with a five-minute tussle with Noah Young. In all the champion worked about an hour and he wasn't so thin that he couldn't perspire the whole time.
The Greek's workout was much on the same order and after he got through he appeared ready to wrestle the rest of the evening. If being in tip-top condition can decide the winner of tomorrow night's battle, Bill Demetral has the championship lucked away already.

FIGHT MIX-UP IS PECULIAR.
Can't Beat Him.
Eddie Mahan to Help Coach U.C.
Harvard's Greatest Player to Handle Backs.
Football Prospects Good for Northern School.
Smith is Pleased with His New Helper.

Following the receipt of telegrams from Earl Fenstermacher, a California student now at Harvard law school, Manager Stroud verified the reports that have been current for the past month. Fenstermacher has carried on negotiations with Mahan since Stroud's recent visit East and has arrived at a definite agreement with him.
Coach Smith, whose assistant Mahan will be, is pleased over the prospect of having so experienced a helper. "Mahan," he said, "is the best football player that I have ever seen for years. He excels the famous Brickley in everything but drop kicking, and he equals him in that."
TO TACKLE BACKS.
"I will have him work with the backs. He will be able to teach them the best there is to know about kicking and field work. I am pleased to hear that he has agreed to come and help us. We will surely make a big attempt to put California on the football map."

RED WILSON IS ENTIRE SHOW.
L.A.C. QUINTETT LICKS THE U.S.C. TEAM.
Speedy Basketball on Part of Clubmen Features the Struggle.
Wilson Shoots Baskets from All Over the Place—Allen is Hailed with Delight.

Red Wilson and a few other guys representing the Los Angeles Athletic Club threw the books into the U.S.C. basketball squad last evening by the suggestive score of 39 to 24.
Of the thirty-nine tallies compiled by the L.A.C. twenty-five were hung up by Red himself. Red shot nine field goals and added to his score with seven out of eight free throws. Aside from Red there was little to exult.
The first half of the game was mostly L.A.C. the score at the middle of the affair being 20 to 8. At this juncture Mr. Lawell was withdrawn and a thin party named Allen injected.
The appearance of Allen was hailed with enthusiasm by the U.S.C. and the crowd began shooting baskets to beat the band. Mr. McCormick being the chief offender. The club strove bravely and with the aid of an unexpected basket or two, managed to keep ahead until the last five minutes.
Here Wilson broke loose and began shooting from all over the place, getting five baskets in a row and a couple of fouls to boot and putting the game on ice. If the club men can persuade the Y.M.C.A. to lose to somebody, the L.A.C. and the Y.M.C.A. will be tied for third place.

NEW QUARTERS FOR STANFORD'S CREW.
Stanford University, March 8.—Stanford's boat crews may transfer their training quarters from mud-thickened Redwood slough to San Carlos harbor, according to reports made today by Earl C. Behrens, graduate manager, who has under consideration an offer of a new boathouse at San Carlos.
San Carlos, Behrens found, offered a course situated so that races could be viewed from a bench grand stand. The present training course of Redwood has been unavailable for practice every other week, because low tide uncovered ill-smelling slime, and it is slowly being filled.

NORTHERN OWNERS WANT LIMIT RAISED.
Now come the northern baseball owners with the request for a higher salary limit. Henry Berry, representing the four northern clubs, has suggested that the monthly salary limit of the clubs be \$8000.
When the southern owners wanted the limit raised some time ago there was a terrible roar from the north. "The plan," with California stepped on. Now, however, the action is just reversed and the north is wondering what the south will say.
A \$8000 salary limit seems to be the logical thing and it is very probable that the desires of the up-coast owners will be allowed.

L.A.C. SWIMMERS OFF FOR THE NORTH.
The champion breast stroke artist of the Los Angeles Athletic Club, Mr. Charles Haylock, left for the north last night. He will participate in the Pacific Coast swimming championships to be staged in the Sutor Baths tomorrow night.
Vance Velt is the Christopher Columbus of Charles Haylock and confidently expects his hero to win the San Francisco event.
Billy Williams is in the north now practicing for his diving and racing events. Miss Dorothy Burns, the final member of the L.A.C. team, will depart tonight.

CLIFFMEN HAVE TWO GAMES AT POMONA.
The L. A. High baseball team has a pretty busy time this week. In addition to the game with Norwalk yesterday the Hilltop boys will journey to Pomona tomorrow afternoon to contest with Pomona College's nine.
The L. A. team will stay over at Pomona and play a return game with Pomona High Saturday afternoon. The Hun Babers recently registered a 5-0 victory over the Cliffmen, and the latter have blood in their eyes.

ANOTHER TOWN IS AFTER THE RACES.
FRESNO (Cal.) March 8.—Fresno is the latest town to put in a bid for the 1916 Vanderbilt and Grand Prix automobile races. A little over \$15,000 was raised in half an hour yesterday as a guarantee fund for the events.
The speed affairs are desired to feature the second day's programme of the annual race celebration. The guarantee was wired immediately to L. A. Nares, who is representing the interests of Fresno in the East.

RIALTO.

Operatic.
STUDYING NEW ROLE.LITTLE JAPANESE SOPRANO
WOULD PLAY IRIS.

By Grace Kingsley.

Tamaki Miura, who won all our hearts on Tuesday night when she sang "Madame Butterfly" at the Mason, has been signed up with the Boston Grand Opera Company for three years. Next season she expects to sing "Iris" another Japanese role, and is diligently studying the part at present.

Friend Husband.

The winsome little Japanese prima donna has no other such sympathetic critic and helper in the world as her husband, Dr. Miura, who attends all her rehearsals, even advises regarding her make-up and costumes, and is her most adoring admirer.

He is a physician, and when at home in Boston practices medicine among his own people.

On the occasion of her first appearance as "Butterfly," she was naturally timid and nervous. So as a surprise and a means of comfort and encouragement he sent her a huge bunch of flowers at the end of the second act, with a card on which he printed simply, "From an admirer." She found him out, though, as the bouquet contained the most beautiful specimens of the iris obtainable, and the iris was her favorite flower.

Not So Hard.

The little oriental lady says she found it not at all difficult, except at first, to master the occidental music. She is a missionary among her own people in the matter, singing in Tokio and other large cities.

"Japanese music too monotonous," she explains, "and you can tell only feelings with it."

Mrs. Miura even loves rag time. What do you think of that?

She loves out-of-door sports, too, especially tennis, but she explains that playing is the great national indoor sport of Japan, and she is a crack player.

Good Just the Same.

"The Argyle Case," which will go on at the Morosco next Sunday, makes use of detectivephases, telephonics and ruses. Dave Butler says he read of a Xenophon, the other day, too, and wonders if they won't use one of those. Billy Colvin explains that this does not necessarily mean it will be a phony play.

Gay Society Helps.

Pasadena society folks will take part in the campaign for the benefit of the Actors' Fund when the Hotel Huntington gives a special supper dance for the charity. Chairman Jesse L. Lasky has arranged with Manager D. M. Linnard that the affair shall be given the evening of the 12th, and tentative arrangements promise to make the event one of special importance.

A space will be cleared from the center of the spacious dining-room for the dancing events, the orchestra of the Huntington and the Maryland being loaned for the evening.

Following the supper and the entertainment there will be a dance.

Stars of the stage will be the entertainers of the evening, including Constance Collier, De Wolf Hopper, Ruth Roland, Mae Murray, Stafford Pomeroy, Lena Horne, the wonderful child dancer, Nina Parker, and Carter de Haven. Charlie Murray will be master of ceremonies.

The supper is called for 10:30 o'clock, and there will be entertainment features until about midnight, after which dancing will be in order.

Brown Note.

Tyrone Power, the noted actor, is contemplating a season of Shakespeare at the Little Theatre in this city. Mrs. Vera Doria has been engaged to support him.

Mr. Power is one of the best-known dramatic actors on the American stage and any enterprise in which he engages is sure to be conducted along thoroughly artistic and satisfactory lines.

Welcome Nan and Jim.

Two new faces will appear in "The Argyle Case," at the Morosco, next Sunday afternoon. That is, one face is new and one nearly new. The first is that of Nan Carter, a beautiful and talented New York actress, and the nearly new one belongs to Jimmie Gleason, an old face in the Morosco, but reasonably new because of that frantic little mustache.

Good for Charles.

Charles Clary did not go to the American after all. He decided to stay down here where the lights burn bright and late. Mr. Clary has been doing magnificent work with the Lasky company.

Welcome, Lucretia.

Lucretia del Valle, leading lady with the Mission Play, returned to Los Angeles yesterday after a two months' vacation spent on a large ranch in Southern Arizona. Miss del Valle spent her outing in true western style riding, hunting, etc.

Will Pick Winner.

George Moscor, Oliver Morosco's eastern manager, left for New York yesterday, where he will engage a leading woman for the Morosco players in the spot left vacant by the departure of Carroll McCormick.

Mr. Morosco states that one of five young actresses now under consideration in New York will be engaged to come West.

Beat Mills of Gods.

The mills of the gods grind so slowly that sometimes they don't get a chance to grind exceedingly fine. Anyhow, they don't grind as fast as a Lasky camera.

All of which is apropos of the fact that yesterday, when Anita King was about to do a scene in "The Race" for the Lasky company, in which she had to dive into an automobile full of cliffs, she received a wire from her sister in New York ordering her not to do any such thing, and advising her that she, the sister, had given orders that a restraining injunction be issued against Jesse L. Lasky preventing his allowing said scene to be taken. But when the limb of the law arrived Mr. Lasky could not be found and the camera ground merrily on. Miss King was rather shaken up by her fall, but otherwise in good health.

Old Tricks.

William Collier in "The No-Good Guy" at the Majestic this week is making the crowd laugh. While the picture was in the making at Inceville Mr. Collier made the directors laugh. The old race horse who had started his career pulling a milk

TWO SPEEDERS GET
SENTENCE TO JAIL.EACH HAD BEEN IN PREVIOUS
TROUBLE WITH POLICE.

Son of Wealthy New York Manufacturer Must Serve Twenty-five Days and Motorcyclist has Ten to Remain Behind Bars—Racing Occurred on Crowded Boulevard.

Two young men, one of whom is wealthy, and each with a mania for speed, were given jail sentences yesterday for having driven their machines along Hollywood and Sunset boulevards at a rate exceeding sixty-five miles an hour. Each had had previous trouble and each preferred to risk his fate to his machine's speed rather than submit to arrest and the appearance of court.

Alfred Cornelius, son of a wealthy New York manufacturer, was sentenced to serve twenty-five days in jail and pay a fine of \$100. J. W. Lockett, 19 years old, was sentenced to serve ten days in jail and had been 21 years he would have been given twenty-five days. The sentences were imposed by Police Judge Chesbro. They are the heaviest sentences yet imposed on speeders.

Cornelius lives at No. 3002 Pinehurst avenue, Hollywood, and has been spending the winter here, and recently purchased a powerful car capable of developing a speed exceeding seventy miles an hour.

He was bristling along at the rate of forty-five miles an hour when Motorcyclist followed him and gave chase. Recognizing the speed officer, Cornelius gave his motor the full charge and was exceeding sixty-five miles an hour when he was overtaken.

At the point of a revolver Cornelius reluctantly drew up. He said: "I wish I had this old cruiser tuned up for the country. You wouldn't have got me then." This remark was related to Police Judge Chesbro yesterday. Immediately the sentence was imposed.

Young Lockett had been arraigned but three weeks ago on a similar charge. He rides a motorcycle. He was traveling on Hollywood boulevard when the police gave chase, and he tried to outstrip the racing machines which the police use in speed work.

The police judge told Lockett that only his youth prevented him from serving a twenty-five day sentence behind the bars, and gave warning that all repeat offenders in speed offenses might expect jail sentences in the future.

The other police judges are in full sympathy with Police Judge Chesbro's judgments. All agree they will give speed offenders jail sentences when the offense is repeated.

Both Cornelius and Lockett were arrested while the boulevard was crowded with motorists.

Forward.

ATTENDANCE GROWS
AT THE BABY SHOW.

EBEL CLUB WOMEN ACT AS HOSTESSES FOR DAY.

Children's Home Society and King's Daughters Have Interesting Exhibits of Philanthropic Work. City Health Department Shows Public Care for Mothers.

If you are a baby dancier best your path, greater than those confronting soldiers in the trenches in Europe. Statistics given out at the National Baby Week Exhibition show that in the great war the average life of soldiers is thirty days, but one-half of the 300,000 babies that die each year in the United States, from carelessness in feeding, and culture, never reach 30 days of age.

That is why, the directors explain, there is this nation-wide movement to instruct mothers how to care for the newly-born infants.

Members of the Ebek Club were hostesses yesterday at the exhibition, No. 239 South Broadway, and through them many features of the campaign in interest of children were brought out which might otherwise have escaped notice.

The attendance was the largest since the exhibition opened. A feature of the day was an exhibition calisthenic drill by children from one of the city schools, a lecturer explaining the effect on the nerves of the children of the drill.

Among the interesting exhibits are those of the Children's Home Society and the King's Daughters' Day Nursery.

The Children's Home Society of California was founded in 1890, by Rev. John D. Easter. Its present home is at No. 2414 Griffith avenue. The home does not admit crippled.

Among those who are after the position are Stanley Borleske, now coach of the Lincoln High School; Dr. Swetland, former coach of Willamette University, now coaching Hobart College at Geneva, N. Y., and Everett May, assistant coach of the Aggies squad last season.

BLUE POLO PLAYERS
DEFEAT THE WHITES.

[BY A. P. NIGHT WIRE.]
SAN DIEGO, March 8.—In a special game at the Coronado Country Club today the Blue Polo four defeated the Whites, 12 goals to 8.

The contest was featured by the playing of E. H. Velle of the Blues and Reggie Weiss of the Whites, each scoring 4 goals.

Tomorrow afternoon the Blues and Whites will meet in the final game of the visitors' cup series.

STRENUOUS WORK FOR
U.S.C. TRACK MEN.

Very great excitement prevails out at U.S.C. these days. Coach Dean Cromwell is running his track and field men ragged trying to get them into shape for the meet with the University of California a week from Saturday.

The U.S.C. hopefuls are working hard for they know that they are up against a tough proposition. California has some stellar tracksters this season and they are expected to give the local institution a terrible run for its money.

Very great excitement prevails out at U.S.C. these days. Coach Dean Cromwell is running his track and field men ragged trying to get them into shape for the meet with the University of California a week from Saturday.

The U.S.C. hopefuls are working hard for they know that they are up against a tough proposition. California has some stellar tracksters this season and they are expected to give the local institution a terrible run for its money.

Bonds that count for babies.

Mrs. George B. Macauley, right, one of the board of managers of the Children's Home Society of California, and a prospective customer for one of the society's \$100 bonds.

deformed or feeble-minded children. It is supported by public subscription and contributions from the various women's clubs. Children are cared for at the home until suitable permanent homes are found for them. The society has as dependent territory the States of Arizona and Nevada.

The King's Daughters' Day Nursery was established April 15, 1895, and was the first day nursery on the Pacific Coast. The present quarters are at No. 132 North Clarence street, and contain on an average of twenty-five children. The children are taken care of from the time they enter the institution until they are placed in private homes. The nursery is supported by public volunteer subscriptions and has upon its staff one matron and two assistants. It is nonsectarian and admits no racial lines. The nursery also has a pleasant cottage at Manhattan Beach, where the children are taken during the summer months.

The largest exhibit is that of the city health department, which called for an appropriation by the City Council of \$100. The exhibit consists of five booths. Booth No. 1 exhibits a plan for the various stations of Booth No. 2 is given over to an exhibit from the child welfare stations, many of which have been established throughout the city. At these stations a mother, whose child is sickly, may have an examination made, or if it is too ill to be taken to the station, the doctor of the district may be called. Booth No. 3 is a working model of a municipal milk station. At these public stations a mother may procure, free of charge or at a very low cost, milk prepared in accordance with the various methods of her child. Booth No. 4 is a model plan of boarding homes, which may be established in this city for orphans. These homes differ from the average municipal institutions of this nature in that five or six children are placed in a cottage. They do their own sewing and wait upon themselves. Booth No. 5 is given over to an exhibition of the various methods of preventing and caring for tuberculosis. Nathan Strauss, a distinguished visitor at the show yesterday, said that this exhibit was the most exhaustive of any he had ever seen.

NORTH END ATTRACTION.

Merchants' Co-operative Association to Give First Open-Air Concert at Stations Reaching from Spring and Second to Temple Block.

The Merchants' Co-operative Association, recently organized for the purpose of attracting more people into the business district of the North End, will give its premier attraction next Saturday evening. This will be a concert by the Royal Marine Band, starting at Second and Spring streets and continuing at stations along the way up to the Temple Block, where the last portion will be given.

The organization has selected as its permanent officers the following: President, Paul A. Hoffman; secretary, Alfred C. Dan; treasurer, Hugo B. Krohn; board of directors, Frank E. Morse, of Godfrey & Moore, S. J. Palmer of Eagleson & Co., F. C. Gamahl of the Portola cafe, J. P. Wor of the International Savings Bank, Walter Harris of the Harris Clothing Company, S. Cline of the F. W. Woolworth Company and E. L. Baldwin of the Tilden Postcard Company.

The association now has more than 150 members, comprising merchants and property owners on Spring and the side streets from Second to Temple streets.

EXAMINATION POSTPONED.

G. W. Cockley and Romolo Corti, held under bond for the action of the federal grand jury at Salt Lake City, were to have had an examination before United States Commissioner Hammaker yesterday on removal proceedings, but by agreement the matter went over until April 15, the grand jury in the meantime being given an opportunity to act on the charge alleged against the men.

Using the mails to defraud in connection with the sale of stock of the Bonanza Mining Company, an alleged Idaho concern.

SECURES BAIL BOND.

After spending the night in the County Jail, M. M. Clark, the convicted general manager of the Physicians' Protective Association, furnished bond in the sum of \$2500 yesterday, and was released pending his sentence next Thursday. The bondsmen are C. E. and Henry E. Hart.

A strong effort will be made to have Clark escape a penitentiary sentence when brought before Judge Trippet. Evidence of his previous good character will be introduced.

HAS HE PREROGATIVES?

Special Deputy Sheriff Argues He Can Conduct Detective Agency Without Needing to State Control or Necessity of Obtaining a Permit.

The status of the special deputy sheriff will be judicially determined March 21 by Police Judge White in a decision he will render in the case of Frank Jerome, alias Reichard, who was arrested while taking \$100 from Mrs. Minnie Martin several weeks ago, and prosecuted on a charge of conducting a private detective agency without having secured a permit.

In a written argument submitted to Justice White yesterday, Reichard admitted he was operating a private detective agency without a permit, but contended a special deputy sheriff was not an ordinary citizen, and did not have to obey the law in respect to securing permits as did other persons.

The argument against the special deputy sheriff could be a matter of some importance in the exact standing of a special deputy sheriff, and as the person holding special deputies by the law is not given much trouble, unless he attaches to the pending case.

BASKETBALL STILL
A MAJOR SPORT.

[BY A. P. NIGHT WIRE.]
STANFORD UNIVERSITY (AP)—March 8.—Stanford students today to retain basketball as a sport for sport. The decision was reached by a vote of 100 to 0.

O'Brien, who rowed No. 1 in the winning Cornell varsity eight today to retain basketball as a sport for sport. The decision was reached by a vote of 100 to 0.
